PROFESSIONAL EXPERIENCE

Managing Director, Compliance and Supply Chain Systems— WORLDPULSE LLC. 2024-Present

Established WorldPulse, an AI-first Digital Product Passport platform that helps brands visualize global supply chains, accelerate supplier onboarding, ensure regulatory compliance, and tell engaging product stories.

- Recruited, onboarded, and led 8 across product, data, and supplier ops; clarified who owns what, set KPIs, and removed blockers to keep delivery on time and on target.
- Collaborated with EU and China-based suppliers to align on regulatory requirements, material traceability expectations, and documentation standards.
- Expanded from fashion into electronics and packaged goods using one compliance and traceability system.

Sourcing Lead — NIKE INC. 2023-2024

Recruited to lead the transformation of the Converse sourcing team, adopting Nike practices and building compliant capacity in Vietnam and Indonesia.

- Led global sourcing operations for Nike and Converse, onboarding ~10 new Converse-exclusive greenfield factories and supervising them from construction to compliance, aiding Converse's expansion from China into Vietnam and Indonesia, alongside 70+ existing factories worldwide. Streamlined end-to-end traceability from raw materials to finished goods using FlexPLM, SAP, Aravo, and Excel.
- Led Nike's first project to map all Converse factories in EMEA, APAC, and North America, consolidating 1,000+ records in SAP and creating governance rules that boosted data accuracy 95%, now the backbone of Converse's analytics and AI strategy.
- Enabled lasting cross-functional alignment by co-developing a data pipeline that integrated SAP and Aravo using Cloud Data Fusion. Delivered the integration under a JIRA Epic in partnership with Nike IT, Converse IT, and Supply Chain Innovation teams.

Procurement Analyst — THE WALT DISNEY COMPANY 2022

Brought in to bolster EBITDA and reduce risk for Disney+ international launches, overseeing the Star+ LATAM rollout during a highly competitive and turbulent period.

- Collaborated with IT, Finance, and Legal to negotiate LATAM vendor agreements during the Star+ launch, delivering 13% annual cost savings and strengthening SLAs to guarantee four nines of uptime. This initiative reduced duplicate spend, improved cash flow predictability, and safeguarded uninterrupted streaming performance as Disney+ competed head to head with Netflix and HBO in global markets.

- Onboarded 100+ indirect vendors through Disney's enrollment system, ensuring timely activation and procurement compliance.

Logistics Manager — AOSOM LLC.

2020-2022

Brought in to coordinate global suppliers, lead warehouse teams, and manage operations and strategic plans to keep key accounts supplied on time during COVID-19.

- Managed 8 coordinators and 4 managers during a 300% warehouse expansion; trained teams in inventory optimization, logistics workflows, and ERP/WMS to drive performance.
- Managed the Wayfair account, overseeing \$800,000 in forecasting, sales, inventory planning, and 3PL storage operations; served as liaison with China-based teams.
- Ensured \$100M+ in inventory was delivered by maintaining and monitoring online channels

Procurement Agent — THREE TREE LLC.

2016-2020

Bridge between the trade-show floor and the factory floor, evaluating vendors, running RFQs, and closing agreements that met cost, quality, and delivery.

- Consolidated quotes into bid sheets, selected winners, and closed agreements that met target cost and timelines.
- Used scorecards and on-site checks to confirm capacity and quality before first orders
- Built and maintained supplier files to keep data clean for future buys.
