GLOBAL SOURCING | SUPPLIER OPERATIONS | TRACEABILITY | DATA GOVERNANCE | AI PRODUCT STRATEGY | MANDARIN

Global sourcing and supply chain leader, **8+ years** across APAC and U.S. operations at Nike, Converse, and Disney. Builds the data layer that makes supply chains legible: **1,000+** supplier records governed into one source of truth, SAP integrated with compliance systems, and AI products shipped for traceability and procurement intelligence. Founder of WorldPulse; MS in AI in Business; fluent Mandarin.

PROFESSIONAL EXPERIENCE

WorldPulse | Founder & Product Designer

2024–Present

- Building **Digital Product Passports** and traceability tooling that turn fragmented supplier, origin, compliance, and ESG data into evidence brands can show regulators, buyers, and consumers.
- Own product design end to end: supplier-data structures, the data model, and the interfaces that resolve complex provenance signals into clear visual stories.
- Prototype applied-AI workflows for product provenance, compliance visibility, and sourcing decisions.

Nike Inc. | Sourcing Lead (ETW via Apex Systems)

Beaverton, OR 2023–2024

- Led global sourcing for Nike and Converse across a **70+ factory** network, onboarding **10** Converse-exclusive greenfield factories from construction through compliance and advancing expansion into **Vietnam and Indonesia**.
- Led the first project to map Converse factories across EMEA, APAC, and North America, consolidating **1,000+ SAP records** and establishing governance rules that improved data accuracy **95%**.
- Co-developed a Cloud Data Fusion pipeline integrating **SAP and Aravo**, delivered as a JIRA epic with Nike IT, Converse IT, and Supply Chain Innovation to strengthen end-to-end traceability.

The Walt Disney Company | Procurement Analyst (via Beacon Hill Staffing)

New York, NY 2022

- Renegotiated LATAM vendor agreements with IT, Finance, and Legal during the **Star+** launch, delivering **13% annual cost savings** and SLAs supporting four-nines uptime.
- Onboarded **100+ indirect vendors** through Disney's enrollment system, clearing procurement compliance without delaying global streaming operations.
- Managed contract workflows across Finance, Legal, and Creative for strategic technology and media procurements in **Coupa, Airtable, and SAP**.

AOSOM LLC | Logistics Manager

Beaverton, OR 2020–2022

- Led a team of **12** through a **300% warehouse expansion**, training coordinators and managers on inventory optimization, logistics workflows, and ERP/WMS systems.
- Owned the **Wayfair** account: **\$800K** in forecasting, sales, inventory planning, and 3PL storage, while serving as translator and liaison for the Chinese team.
- Kept **\$100M+** in inventory moving through daily online-channel monitoring and end-of-day warehouse audits.

Three Tree LLC | Procurement Agent

Logan, UT & Guangdong, China 2016–2020

- Negotiated and closed high-volume sourcing deals between U.S. clients and Chinese manufacturers, running **RFPs** and supplier scorecard evaluations to win on both cost and quality.
- Sourced through the **Canton Fair** and Alibaba and audited factories on site across China, aligning design specs with real production capability and raising vendor accountability.

SELECTED AI PRODUCT WORK

- ProcureBridge** (in development) — Supplier scoring and procurement-intelligence workflows that pull fragmented purchasing data into one decision model.
- Cortex & CaseBrief** (production) — Source-backed AI linking evidence, claims, and narrative output for editorial research and medical-record review.
- AtomicOS** (production) — Natural-language personal OS tracking energy, focus, execution, and behavior data for AI-assisted coaching.
